# WHAT DOES IT MEAN TO BE A GOOD AUDIENCE MEMBER?

Coming to the theater is different than watching a movie or TV show. The actors and crew can see and hear you, just like you can see and hear them! It's important to remember a few things as an audience member to help make this experience special for you and special for everyone around you:

-  Remain in your seat during the play.
-  Focus all your attention on the play to best enjoy the experience. Listen closely to the dialogue and sound effects, and notice the scenery, lights, and costumes. These all help to tell the story.
-  Don't talk with your neighbors during the play. It distracts the people around you as well as the actors on stage.
-  Do not text, use cell phones, or other electronics during the play. The light and motion is very distracting to those around you, on stage, and the tech crew behind you.
-  Get involved in the story. Laugh when something on stage is funny, cry when it is sad, gasp when it is shocking, and clap after something happens that you enjoy.
