ABOUT THE SHOW:

Imaginative, musical, and magical, our play for young audiences (and for the young at heart) is not to be missed! Classic? No! Wild? Yes! ***SNOW WHITE*** is a two-person play, so you do the math! Snow White and the Seven Dwarves? Two fabulous, whip-smart, super-fast actors play Snow White, the huntsman, the prince, and all seven dwarves! Expect the unexpected in this clever and contemporary adaptation of the beloved fairy tale with a “you won’t-see-it-coming” twist.

CHARACTER DESCRIPTIONS:

SNOW WHITE: *(Female, Any Race)* In this version, Snow White is not waiting around for rescue. She is sharp, curious, and fully in charge of her story. The show breaks away from old-school ideas of beauty and who gets to be the hero, reimagining Snow White as a bold, self-determined character who navigates the world with brains, courage, and a whole lot of heart.

DWARF 4: *(Male, Any Race)* Snow White's most trusted companion, Dwarf 4 (his real name, by the way!) Plays several different characters throughout the play; must be versatile.
